Psalms 119:89

For ever, O LORD, thy word is settled in heaven. Psalms 138:2..for thou hast magnified thy word above all thy name.

The Word of God is an amazing gift given by God to man. First, it was came in the written form of the Old Testament for man to know who their creator was and what His plan was, and then the Word became flesh and dwelt among us. It was the Word of God that hung on the cross to save man from the death he deserved. Jesus' death, burial, and resurrection was the Word of God fulfilled. Israel had many supernatural miracles to direct them to God, but having visual proof that God was who He said He was did not keep Israel faithful. Every Christian would like to live by supernatural works of God because we think it would help our carnal man believe and stay on track. Unfortunately, that isn't going to happen. God has given us His word to lead us, guide us, and help us to personally know God and His will. The Bible is not optional, it is not a suggestion, it is spirit filled, it is truth, and it is life when we plant it as a seed in our heart. It is the Word mixed with faith that produces the reality we desire in our life. We can hope and pray all we want but if our desires do not line up with the word of God we are amiss. That could be the reason why many prayers are not answered. God's Word has the answer to every one our problems. Knowing the Word will keep you safe if you are willing to learn and obey it. God loves us and wants the best for us but we will never get God's best if we are not reading His Word and meditating on it. God and His Word are One, you cannot separate them, and He will not change His word for you. Many people like to make New Year's resolutions looking to change some area of their life. The best resolution you can make is get your Bible out and begin reading it day after day. It will change your life like no other commitment can. The good news is you don't have to wait until January 1st to start, begin now and listen for God to speak to you through His Word. He has all the answers to life's problems if you have ears to hear.
